

Job Advert: **Technical Scheme Developer – Fire Alarm and Emergency Lighting**

Location: Nationwide; travel throughout UK for delivery

Terms: Permanent Full-Time. Starting immediately

Salary: £ Competitive based on experience

About the Role

We are looking for an experienced Technical Scheme Developer to join our ever-growing technical team. An opportunity has arisen for an individual to progress with the development and implementation of competence schemes in the commercial fire alarm and emergency lighting sectors. The role will be expected to cover Scheme development and documentation preparation, through to external accreditation, implementation, and ongoing operations.

The right candidate must have previous knowledge of competence schemes and ideally been involved in the development and accreditation of technical schemes. You would need to be someone who understands the technical aspects of fire detection and fire alarm systems in both the non-domestic and domestic sectors, possessing the relevant industry knowledge and experience. The successful candidate could be based anywhere within the UK, however a willingness and flexibility to travel is also needed for on-site technical audits for example. Our headquarters are in Mansfield, Nottinghamshire and attendance would be required there from time to time.

Requirements

Good working knowledge of:

- Fire detection, fire alarm systems and emergency lighting, to include their design, installation, commissioning, and maintenance. Non-domestic and domestic.
- Competence schemes and management systems
- Previous experience in the accreditation process of competence schemes an advantage
- Proficient in the use of MS Office and Windows, to assist with Scheme documentation preparation
- Can demonstrate initiative and be a self-starter who is confident to take on Scheme development and implementation
- Experience and knowledge of project management / PRINCE2® qualification desirable
- Excellent time management and organisational skills
- Must have full right to work in the UK

Benefits

- 25 days p/a + statutory holidays
- Health Cash Plan enrolment following probation period
- Company car or car allowance
